FCM Offers Focus Group on Greening Brownfields

The Federation of Canadian Municipalities (FCM) administers the [Green Municipal Fund](#) (GMF) — a \$550 million endowment from the Government of Canada, **\$150 million** of which has been allocated to **support brownfield remediation and redevelopment**. To remain responsive to sector needs and priorities, they have reviewed past and current approaches to brownfield funding. Through research and discussions with municipalities, private-sector developers and other stakeholders, they have also identified and analyzed new approaches and leading practices to guide the development of a new GMF Brownfield Strategy.

Now they need your input on key components of the strategy.

You are invited to participate in a two-hour focus group on **Monday, June 3, 2 to 4 p.m.**, during FCM's Annual Conference and Trade Show in Vancouver, BC. Reserve your space by **May 31** with [Magali Leblanc](#) at 613-907-6345. Confirmed participants will receive background material in advance of the focus group. For more information, please visit the FCM [website](#).
