Today is International Women's Day and we'd like to recognize the incredible women on our Fire Services team. This year, our recruit class was an even split with six men and six women.

Pictured here we have Shaylene Mills receiving her firefighter badge from her daughter Arlee at last week's fire recruit graduation. Mills was a stay-at-home mom and joined the Fire Services team for a change of pace and to provide an example for her daughter, showing her that she can achieve anything. At the fire recruit graduation, Arlee told her mom that she is going to be Fire Chief one day.

Here is to all the brave women who serve our community!
