

EXPRESSION OF INTEREST

PROJECT PROPOSAL

Name of Project: *Come Alive Entwistle*

Submission Date: *March 30, 2012*

The intent of this document is to provide an overview of a Community Group's scope of work for a proposed community beautification in a Parkland County Hamlet at the project initiation phase. The Expression of Interest allows the Parks and Recreation Department and any other civic departments to provide initial support or recommendation as to the feasibility of the proposed project.

A detailed Program Statement, and/or Needs Assessment may still be required. Scope and detail will vary depending on the nature of the project. A Program Statement will expand and provide information as the project progresses from concept to design phase.

Note: This Expression of Interest does not constitute a formal agreement on the part of the group to implement or carry out the project as initially proposed. Nor does approval to proceed from concept phase to development phase imply that Parkland County has formally granted approval of the project to proceed to the implementation phase.

COME ALIVE ENTWISTLE PROJECT BEAUTIFICATION COMPONENT

Benches

- * Main street – post office, outside Seniors Centre, and in front of the grocery store
- * Park Area - Area across from community hall in playground and at Skateboard park
- * Trail system – located at pivotal points on trail system as deemed appropriate

Banners

- * Multiple Season banners to depict the spring, summer, fall and winter season
- * located on main street, down to the park area on Hwy 16A , on the south side of the highway in front of the businesses

Garbage Cans

- * Strategically placed throughout the community that are aesthetically pleasing in combination with recycling components

Flowers

- * New Container Pots to be located in areas near businesses (business people to look after the flowers planted)
- * Hanging baskets plus stand alone in container pots (hanging baskets along Hwy 16A and main street may not happen this year and only stand alone as we ensure that we have the people and equipment in place to properly care for them)

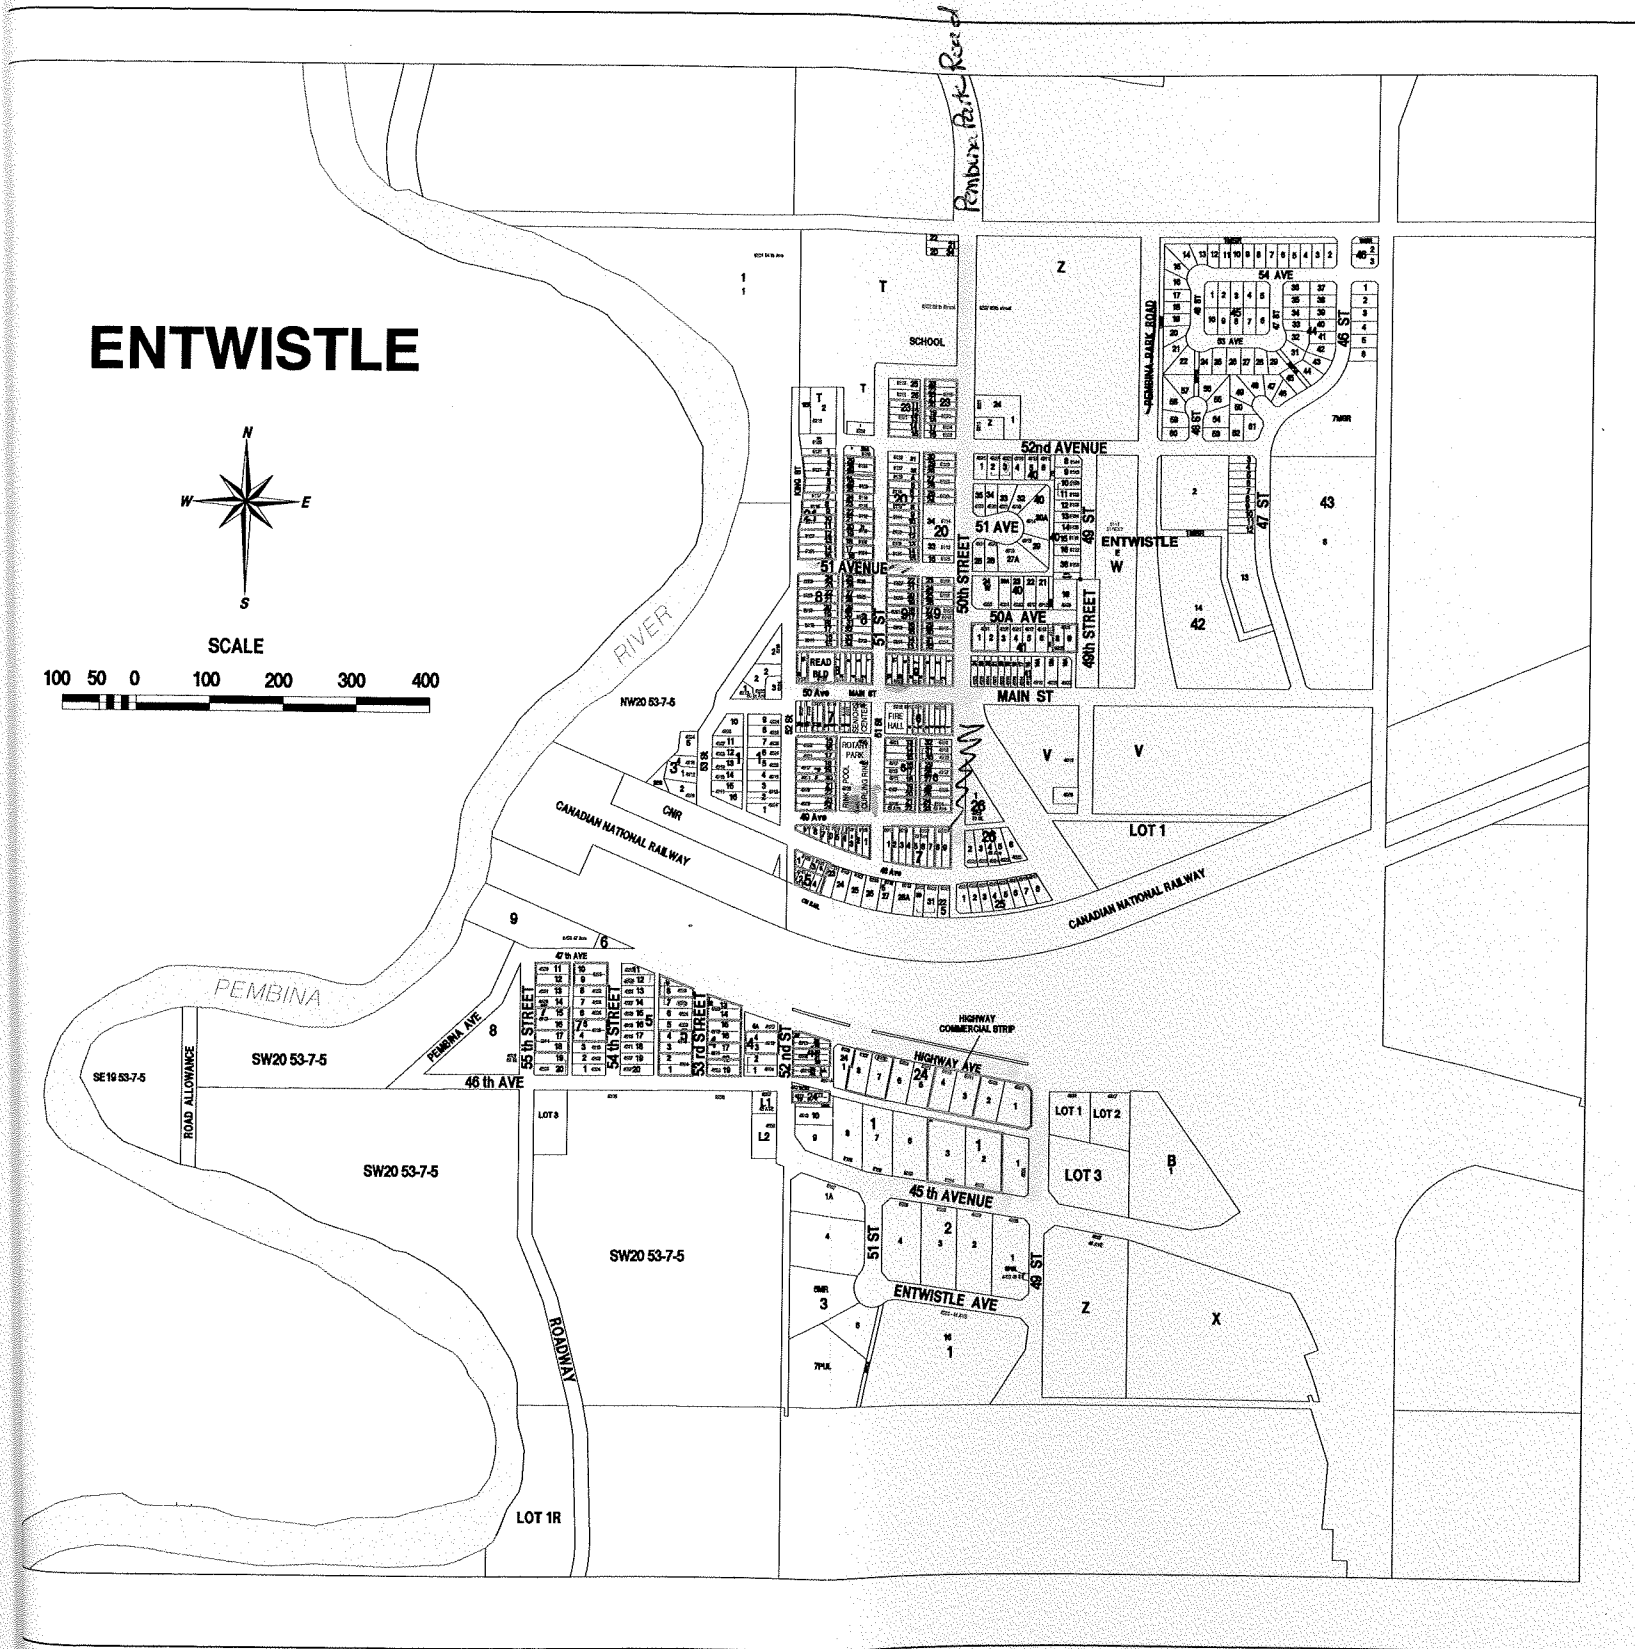

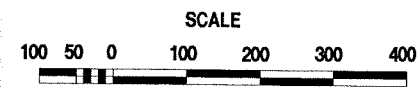

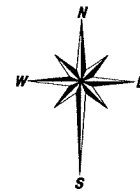

Graffiti Art

- * Hire or commission a graffiti artist to work with the youth and parents as we make the skateboard park area come alive. Have the students from the Entwistle and outlying area work with the artists and with the assistance of the RCMP (already spoken to the Sgt and she will ensure that there is RCMP representation) and hopefully someone from the fire department.

Trail System

- * Benches located strategically within the Trail System plus gravel (approval permitting) the Entwistle side of the trail system located on the Provincial Park property

ENTWISTLE

-  benches & garbage containers
-  banners
-  location of graffiti Art
