Hi Joshua:
Thank you for referring this proposed bylaw to the City for comment.
From an adjacent municipality perspective, the City has no concerns with the proposed bylaw. I note, however, that Section 12.27(1) of the Bylaw does not include reference to County Residential districts although Cannabis Cultivation, Minor is proposed as a discretionary use in the CR District. Further, I note that there are no regulations specific to odours.
Thanks again and best regards,
Sue
