## Restricted Surplus Changes for Parkland County - Detail

Restricted Surplus to Support Specified Needs	Balance as of April 30, 2017	Recommended Balances	Recommendation
Equipment Lifecycle	6,196,000	-	
Facility Maintenance	2,049,000	-	
Fire Services Lifecycle	941,000	-	As these surpluses are supported by plans
Granular Aggregates	767,000	-	and analysis that show the need for these resources, these surpluses can be
Office Lifecycle	1,528,000	-	maintained in their current states.
Protective Services Lifecycle	1,309,000	-	maintained in their editent states.
Rural Communications Network Lifecycl		-	The Lifecycle plans will be consolidated
Survey Instruments Lifecycle	101,000	-	into one fund. The individual groups will
Lifecycle Plans	-	13,447,000	be maintained for administrative purposes
Future Capital	779,000	779,000	
Water & Waste Water	5,147,000	5,147,000	
Subtotal	19,373,000	19,373,000	
Restricted Surplus to Support Future (	Inspecified Needs		
County Facilities	6,011,000	6,011,000	
Environmental	803,000	803,000	
Future Transportation	2,203,000	2,203,000	Parkland should develop plans to specify
Hamlet Sustainability	805,000	805,000	the amounts needed to satisfy the purposes of these surpluses.
Information Technology	216,000	216,000	purposes or triese surpluses.
Municipal Operations	1,822,000	210,000	Municipal Operations funds will be
Overland Drainage	507,000	507,000	reallocated to the new Business Attraction
Recreation Facilities	2,947,000	2,947,000	Restricted Surplus.
Waste Management	8,272,000	8,272,000	
Subtotal	23,586,000	21,764,000	
Working Capital			
Internal Financing	2,567,000	-	Use other surpluses as de facto working
Working Capital	5,000,000	-	capital / loan funds. GFOA has
Subtotal	7,567,000		recommendations to do this safely.
Risk Mitigation	1 4/2 000		
Disaster	1,463,000	-	GFOA recommends consolidating the existing restricted surplus accounts and holding \$5.0 million to \$7.7 million to cover risk from extreme events.
Contingency Winter Maintenance	4,775,000	-	
Extreme Events	800,000	7,700,000	
Extreme Events	-	7,700,000	GFOA recommends the "long term
			sustainability" surplus be used to mitigate risk of revenue instability from power plan closure. GFOA's analysis shows a risk
			closure. GFOA's analysis shows a risk
Long Term Sustainability	7,664,000	12,391,000	closure. GFOA's analysis shows a risk averse strategy would be to hold a restricted surplus of \$11.4 million. The recommended balance is slightly higher
