+ Use of Tables and Plain Language

+ Graphics and Illustrations

Key Changes

2 Land Use Districts and Use Classes

39 Standard Districts● 17 Standard Districts

14 Overlays and Direct Controls● 12 Overlays and Direct Controls

200+ Land Use Classes● 66 Use Classes

3 Goals Accomplished

- + Streamline the Development Process
- + **Document Simplification**
- + **Transparency and Clarity**
- + **Feedback Alignment**
- + Industry Trends

Key Changes

5 Changes of Note

- + New Agriculture Conservation District
- + New Agricultural-based Use Classes
 - Agri-tourism
 - Agriculture Value-added
- + More Housing Forms Designated as Permitted uses
- + Revision and Removal of Confusing Overlays
- + Updated Regulations for Tree Clearing and Development Near Waterbodies

Map Amendment

- + The majority of properties in Parkland County will be redistricted to the **closest equivalent zone**
- + **Exceptions:**
 - Direct Control Districts, Reserve Districts
 - Parcels currently listed as AGG – Agricultural General District in the Agricultural Heartland with high quality soils will be designated as AGC – Agriculture Conservation District
- + Redistricting is required for future changes in development potential
- + Notifications and Public Hearing for Redistricting unchanged

Into the Future

- + **Our work will continue!**
- + **The team will monitor and analyze the success of the Land Use Bylaw 2025-12**
- + **The team will develop user guides and applicant packages to support developers**
- + **Although we are confident in the Final Draft, the team will act quickly if any further amendments are required**
