Parkland County

Re (Amendment To land use bylaw 20-2009)

I am writing this statement to say that
I am not apposed to the amendment change but
I am apposed to existing conditions of approval
for Personnel Health care Services in AGR area.

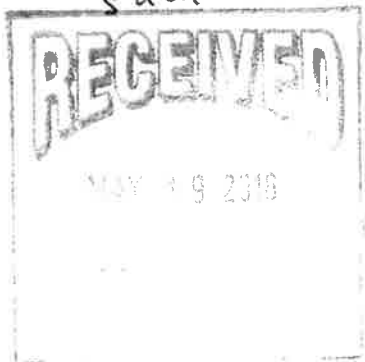

I am writing about the hair dressing business.
We have had a hairdressing business next to
use for about five years and not have any
problems.

What I am concerned about is allowing all
the dyes + chemicals that are used in the hair
dressing business to be dumped directly on to
the ground.

Our own drinking water wells are only
80' deep and I believe over time these
chemicals will contaminate our drinking water.

I would like to see as a condition of
approving such businesses that they have proper
disposal systems for these dyes + chemicals,
such as holding tanks or treatment plants.

I hope you can address these issues.

Kyfer

Hi Mary:

I advise that the City of Spruce Grove has no concerns with this proposed Land Use Bylaw amendment,

Yours truly,

Sue Armstrong
