3. An Outdoor Shooting Range shall comply with the following:
- a) any buildings and areas for shooting shall be at least 30.0 m from any Parcel Boundary.
 - b) parking shall be provided in accordance with Section 14 of this Bylaw.
4. In addition to Section 16.4 of this Bylaw, the Development Authority shall require the applicant to submit:
- a) a site plan illustrating the location of the range and any buildings on the Parcel, landscaping, berming, noise attenuation, direction of fire, parking, and any other details as deemed necessary by the Development Authority; and
 - b) an area plan that identifies lands within a 3 km radius illustrating land uses, existing buildings, and any other information as identified in 12.25.1 and 12.25.2 or as deemed necessary by the Development Authority.
5. The Development Authority may require the applicant to submit:
- a) a report or evidence that the proposed range will conform to the Firearms Act, Shooting Clubs and Shooting Ranges regulations, or other relevant legislation; and
 - b) any information deemed necessary.

12.26 CANNABIS CULTIVATION, MAJOR

1. Cannabis Cultivation, Major use may be a Permitted or Discretionary Use in certain Industrial Districts, subject to the standard development regulations, design and character, landscaping, parking and loading, signage and other applicable requirements of the respective Industrial Districts.
2. Cannabis Cultivation, Major use may be a Discretionary use in certain Agricultural Districts if, in the opinion of the Development Authority, the potential intensity of the use is appropriate and reasonably compatible with the nature and uses of the surrounding properties.
3. When evaluating the appropriateness for a proposed Cannabis Cultivation, Major use in certain Agricultural Districts where it is a Discretionary use, the Development Authority shall consider:
 - a) The proposed site shall be suitable and appropriate for the scale and intensity of the proposed facility. To assess site suitability, the Development Authority may consider factors such as, but not limited to, size of the property, site servicing, distances to nearby residences, access to transportation networks, agricultural soil capacity, environmentally significant areas, and other unique site conditions.

- b) Cannabis Cultivation, Major use shall not be located within a Prime Agricultural Area as identified in Parkland County's Municipal Development Plan Bylaw 2017-14.
 - c) Cannabis Cultivation, Major use shall not be located within 150.0 m from the boundary of a Multi-Parcel Residential Subdivision.
 - i) The 150.0 m separation distance shall be measured from the boundary of the proposed development area to the boundary of the Multi-Parcel Residential Subdivision.
 - d) Landscaping and screening measures may be required at the discretion of the Development Authority to minimize any adverse visual impact to nearby residences and public roadways.
 - e) Loading, storage and trash collection areas shall be located to the rear or sides of the principal building and shall be screened from any nearby residences or public roadways.
 - f) Vehicular entrances and exits as well as on-site pedestrian and vehicular routes shall be designed in a manner that provides a safe and clearly defined circulation pattern.
 - g) Hours of heavy equipment traffic may be restricted at the discretion of the Development Authority to minimize any adverse impact to any nearby residences.
 - h) The Development Authority may require the applicant to conduct and document public engagement prior to submitting a development permit application for a Cannabis Cultivation, Major use if, in the Development Authority's opinion, the development may present significant adverse impact to nearby properties.
3. Cannabis Cultivation, Major use shall incorporate Dark Sky compliant practices and measures to minimize light pollution to nearby properties.
 4. The proposed development shall meet all federal, provincial and all other relevant statutory requirements prior to commencement of the operation, and provide evidence of applicable federal and provincial approvals to the satisfaction of the Development Authority.

12.27 Cannabis Cultivation, Minor

1. Cannabis Cultivation, Minor use may be a Permitted or Discretionary Use in certain Industrial Districts, subject to the standard development regulations, design and character, landscaping, parking and loading, signage and other applicable requirements of the respective Industrial Districts.
2. The following provisions shall apply to Cannabis Cultivation, Minor use where allowed for in this Bylaw:
 - a) Cannabis Cultivation, Minor use shall not be located within 150.0 m of:
 - i) a Multi-Parcel Residential Subdivision;
 - ii) a provincial healthcare facility;
 - iii) a school or building containing Educational Services; or,
 - iv) a school reserve or municipal and school reserve.
 - b) Cannabis Cultivation, Minor use shall incorporate Dark Sky compliant practices and measures to minimize light pollution to nearby properties.

- c) The maximum gross floor area of a Cannabis Cultivation, Minor facility shall be 325.0 m². The total square footages of Cannabis Cultivation, Minor use shall be included in the calculation for Accessory Development as per Section 11.1.3.
- d) Cannabis Cultivation, Minor shall be designed, sited, constructed and finished in a manner that is visually compatible, in the opinion of the Development Authority, with the residential character of adjacent and neighbouring lands.
- e) Any building or structure for the purposes of Cannabis Cultivation, Minor use shall be a minimum of 30.0 m from all property lines
- f) Cannabis Cultivation, Minor will not be supported in a dwelling.
- g) Landscaping and screening measures may be required at the discretion of the Development Authority to minimize any adverse visual impact to nearby residences and public roadways.
- h) The proposed development shall meet all federal, provincial and all other relevant statutory requirements prior to commencement of the operation, and provide evidence of applicable federal and provincial approvals to the satisfaction of the Development Authority.

12.28 Cannabis Retail Sales

1. Cannabis Retail Sales use shall not be located within 100.0 m of any parcel that contains:
 - a) a provincial healthcare facility;
 - b) a school or building containing Educational Services; or,
 - c) a school reserve or municipal and school reserve.
2. When evaluating the appropriateness of a proposed Cannabis Retail Sales use, the Development Authority shall consider:
 - a) compatibility of the proposed use with adjacent and neighbouring land uses;
 - b) impact of the proposed use on existing traffic volumes and patterns of flow;
 - c) appropriate vehicle parking and site access/egress requirements (the location of access/egress points shall not route traffic through residential areas); and,
 - d) appropriate site security/fencing requirements.

The separation distance shall be measured from the exterior wall of the Cannabis Retail Sales development to the nearest point of the parcel boundary containing the above facilities, buildings or reserves.

3. The proposed development shall meet all federal, provincial and all other relevant statutory requirements prior to commencement of the operation, and provide evidence of applicable federal and provincial approvals to the satisfaction of the Development Authority.

- g) an analysis of the potential for noise, both at the site of the installation and at the boundary of the property containing the development (Provincial Noise Standards must be met);
 - h) specifications for the foundations and/or anchor design, including location and anchoring of any guy wires; and
 - i) any information regarding general public safety.
2. All development applications for a Multiple Wind Energy Converter System (WECS) shall be accompanied by all requirements of Subsection 16.7.1 and:
- a) an analysis of the visual impact of the project, especially with respect to the scenic qualities of the County landscape. The analysis will include the cumulative impact, if other WECS are in the area, and the impact of overhead transmission lines;
 - b) the results of the public consultation process;
 - c) the status of the applicant's circulation to NAV Canada, Transport Canada, Alberta Energy Regulator and any other government departments required for provincial approval;
 - d) any impacts to the local road system, including required approaches from public roads; and
 - e) a plan outlining how the site will be decommissioned and reclaimed.

16.7A Application for Cannabis Cultivation, Major

1. In addition to the development permit application requirements stipulated in Subsection 16.3, a development permit application for a Cannabis Cultivation, Major use in applicable Agricultural Districts may be required to provide the following information at the discretion of the Development Authority:
- a) operational details such as number of employees, hours of operation, types of activities, among others;
 - b) details on on-site water and septic management systems;
 - c) traffic impact study showing the type, volume, frequency of vehicle movements and the transportation routes to be utilized, and the need for any off-site road infrastructure improvements;
 - d) storm water management system and fire suppression ponds, if applicable;
 - e) landscaping and screening from residences and public roads;
 - f) public consultation summary;
 - g) biophysical assessments if the property intersects with an environmentally significant area; and,
 - h) any other information required by the Development Authority respecting the site or adjacent lands.
