Suggestion for Using Your EOC Position Task Sheet

Please note that the Task Sheet is only a reference guide. Given the nature, scope, duration, weather, and additional regions impacted, there may be other items that are relevant for your position in the EOC on any given operational period. Equally likely is that many of the items listed in the task sheet won't be significant for selected incidents/emergencies. In sum, the purpose of the task list is to aid you in avoiding task gaps and overlaps. However, your EOC Manager or Section might suggest another approach, which you should follow.

If an item is relevant, place an open circle to the left of the item's reference number.

○	6. Obtain and coordinate requested public works response teams/personnel, equipment, and vehicles to the emergency scene, staging area, or other location(s), as appropriate.
---	---

Once you start the task, place a single diagonal slash in the circle

/	6. Obtain and coordinate requested public works response teams/personnel, equipment, and vehicles to the emergency scene, staging area, or other location(s), as appropriate.
---	---

Once the task is well under way/mostly completed, place a second diagonal slash in the opposite direction in the circle

X	6. Obtain and coordinate requested public works response teams/personnel, equipment, and vehicles to the emergency scene, staging area, or other location(s), as appropriate.
