

Department Recreation and Parks	Policy No. RP 011	Page 1 of 1
Policy Title CHICKAKOO LAKE RECREATION AREA		

Council Resolution No. 592-02 Date: November 26, 2002	GMOS	CC	Cross Reference AD 052	Effective November 26, 2002
------------------------------------------------------------------------	------	----	----------------------------------	---------------------------------------

PURPOSE

Parkland County recognizes that the provision of appropriate and properly groomed cross-country ski trails is an important service for the recreational skier. Donations from users for use of the cross-country ski trails at Chickakoo Lake Recreation Area will allow appropriate maintenance and effective budget control.

PROCEDURES AND GUIDELINES

1. The Chickakoo Lake Recreation Area shall be operated under the following rules:

Fees

No fees will apply for year-round use of the Chickakoo Lake Recreation Area. The voluntary donation box is available for patrons to contribute.

Special Events

On occasion, Parkland County will permit special events to take place at the Chickakoo Lake Recreation Area. The fee will be established based on the nature and specific requirements of the event.

Events requiring special labour, equipment, or supplies will be charged for costs at an annual established rate of labour and equipment. These charges may be in addition to a special events fee.

2. **Group Booking Procedures**

Groups, such as schools and youth organizations, are required to formally book use of Chickakoo Lake Recreation Area through the County Recreation and Parks Department. This will allow all users equal opportunity to enjoy the park and limit impact on the site.

Bookings will normally be on a "first-come, first-serve" basis, however, special requirements of a group or circumstances in the park may warrant a priority rating of bookings by the Recreation and Parks Department.

3. **Policy Review**

The Chickakoo Lake Recreation Area Policy and applicable fees (Fees and Charges Policy AD 052) may be reviewed annually.
