Evansburg Provincial Detachment

January - December, 2017

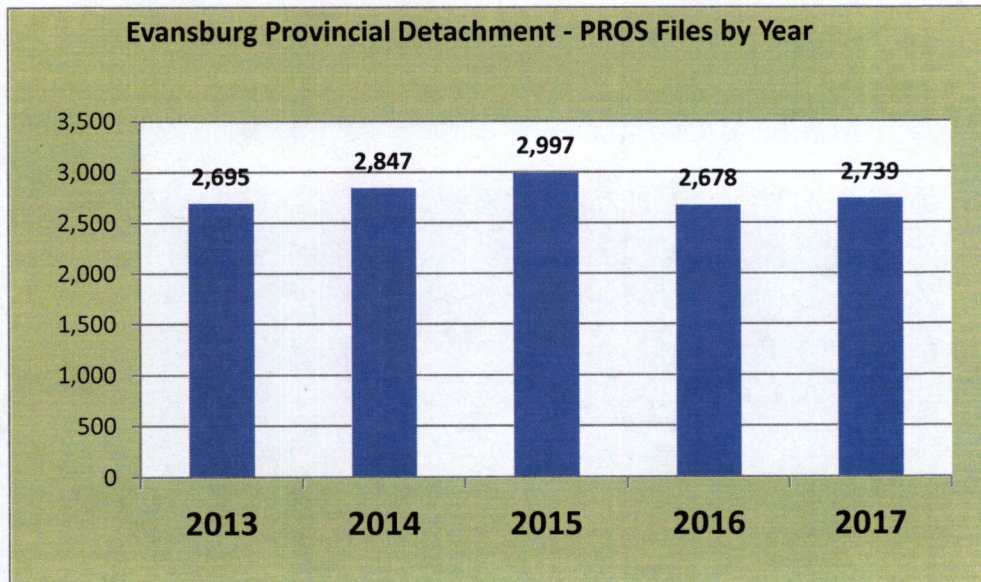

Date: February 5, 2018

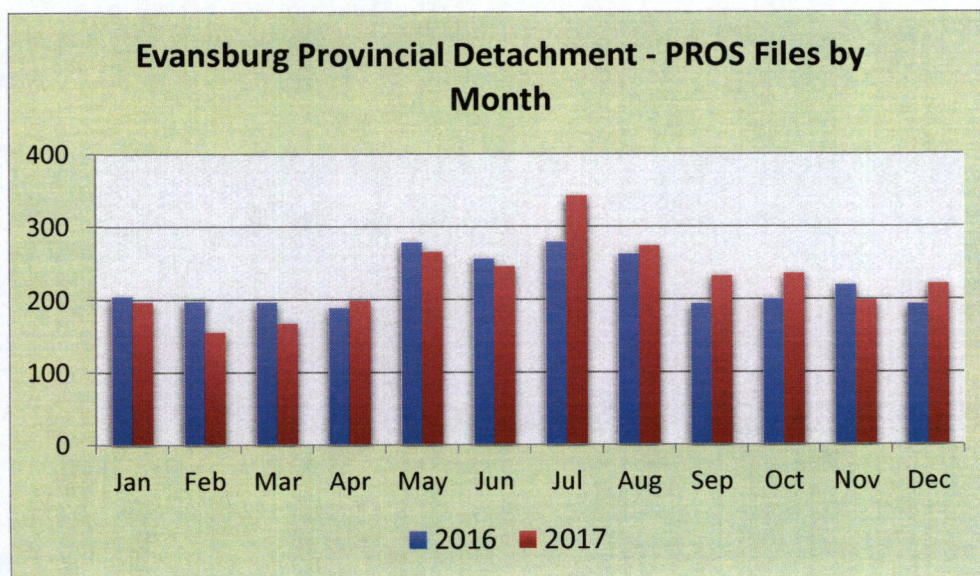

Evansburg Provincial Detachment

File Counts

Based on PROS data, the Evansburg Provincial Detachment generated 2,739 files between January - December, 2017. This includes calls for service from the public as well as self-generated and proactive files. There was an increase of 2.3% in 2017 when compared to 2016.

In 2017 July had the most files generated (2016: July) , while February had the least. (2016: April).

Evansburg Provincial Detachment

Generated file times:

The following chart illustrates when all PROS files were **generated**. The chart ranges from least calls for service/files generated (green) to the highest number of calls for service/files generated (red) and is broken down by day (columns) and each hour of the day (rows).

Monday had the most files generated, while Saturday had the least.
