Dear Sir or Madam:

**RE: Permit 10-D-111 Gravel Pit
NE 21-50-04-W5M**

It has been brought to the attention of Parkland County that you may have had trucks on the haul route prior to 7:30 am on Saturday October 20th. Be advised that your approved development permit 10-D-111 condition 7 very clearly states the allowed haul hours to be 8:00am – 4:00pm on Saturday and the Haul Agreement that you entered into states "Trucks may proceed to pit ½ hour prior to the stipulated hours of haul".

If further activities occur outside of the approved haul hours Parkland County will enforce condition 20 of your approval which states:

20. Failure to conform to the conditions of this permit will render it null and void.

I trust that no further action will be necessary.

Any questions or concerns regarding this matter may be directed to the undersigned.

Yours Truly,

Karen Kormos
Development Officer

CC: Brad Backstrom- Patrol Officer
