

Topic: Blueberry Community League – Major Capital Grant Request

Introduction:

As per Policy C-RP03, Blueberry Community League's request for \$20,900 under the Sustainability Grant – Major Capital Project for their infrastructure and major appliance replacement is being presented to Council for consideration.

Background Information:

The Blueberry Community League is a very active Community Association, playing host to a wide variety of programs, rentals, a playschool and special events throughout the year.

The original hall was constructed in 1986, with one addition to provide more hall space and an independent space for the playschool. The original furnaces and hot water tank have surpassed their expected lifespan. One furnace is no longer working, which as winter approaches is a liability, so it will be replaced immediately and is not part of this application. The roof has had increasingly frequent repairs to address leaking caused by buckling due to temperature variation. A recent inspection determined the original metal sheeting was not of sufficient quality to withstand the expansion and contraction over such a large surface. Replacement is required before leaking significantly impacts the structure of trusses and walls. In-depth details of the project can be found in the attached grant application.

The total project cost is estimated at \$61,400. Blueberry Community League will be contributing \$10,000 towards the costs, and will be applying for the remainder through various grants, as outlined in the grant application.

Analysis:

Administration has been involved with the Blueberry Community League through the provision of information and referrals, and other assistance as required. The Community Development Coordinator assigned to them has been kept apprised of the situation regularly and will continue until project completion.

Should Council approve the funding being requested, the project would comments in January 2017 and is anticipated to be completed by June, 2017.

Alternatives:

1. Council could approve funding at a different value.
2. Council could choose to not approve funding for this initiative.

Conclusion/Summary:

Administration is recommending approval of the funding request. Blueberry Community League has been active in seeking other funding sources to assist in the project's completion. The project meets all requirements under the Sustainability Grant – Major Capital and Administration will continue to work the Community Association until the project reaches completion.

Program Statement

Project Title	Blueberry Community League – Replacement of roof, furnaces and hot water tank.
Introduction	The current Blueberry Community Hall, built in 1986-87, is a very active hall; hosting numerous events, weddings, reunions and tournaments on weekends plus a regular weekly schedule of youth groups, exercise classes, meetings and a playschool. Some of the essential infrastructure are reaching or have exceeded their lifespan.
The Project	The project is the life-cycle replacement of three major elements: the roof, furnaces and hot water heater.
The Project Justification	<p>Roof: This original roofing has required numerous repairs to address small leakages in recent years as it approached 30 years of use. The roof has had issues with buckling due to climatic variability, which has resulted in water leaking into the hall. Assessment by a private contractor indicated that the roof material originally used was not of a sufficient quality given the size of the building to properly accommodate the expansion and contraction due to weather. A temporary repair is preventing further internal damages.</p> <p>Furnaces and Hot Water tank: The current furnaces and hot water tank have surpassed their life expectancy. One furnace is inoperable and requires immediate replacement in order to avoid hall closure due to unplanned failure of remaining furnace. Due to urgency this furnace replacement is not part of this application however, the proactive replacement of the other furnace and the hot water heater are included.</p>
Program Requirements	<p>Roof Replacement: Installation time 4 – 5 days</p> <ul style="list-style-type: none"> • Removal of current roofing sheets, flashing • Repair of any rotten strapping, trusses, etc • Supply and Install new roof edge and steel valleys and synthetic underlay • Supply and Install new steel roofing sheets, ridge gable caps, flashings, snow and ice guards on main hall and veranda's • Site clean-up and disposal of old materials <p>Furnace and Hot Water Replacement: 1 day</p> <ul style="list-style-type: none"> • Removal of existing furnace and hot water tank • Supply and install furnace and hot water tank • Dispose of old appliances.

Site Factors/ Considerations	No extraordinary site factors beyond timing for the closure of the facility to public and patron use.
Financial Resources	<p>The Blueberry Community League has a small reserve fund (\$8,000) with which to initiate the applications for matching funding. This reserve is not as high as anticipated due to immediate replacement of one furnace and some extraordinary expenses in the past year.</p> <p>In November 2014, a septic back-up into the playschool that revealed mold damage due to previous back-ups, roof leakage and drainage issues, much of this restoration and preventative remediation was not covered by insurance, which reduced life-cycle funds in addition to the resulting two month building closure which also impacted revenues.</p> <p>The Community league has a regular Bingo, from which funds will be dedicated to this project which with additional fundraisers are being planned for 2017, may raise an additional \$3000.</p> <p>A Canada 150 grant has been applied for.</p> <p>With approval in principal of this Sustainability Major application by Parkland County, a September application for CFEP will be made for matching funds.</p> <p>See attached budget sheet and contractors estimates for further information.</p>
Approvals Required	Approvals/inspections required are the responsibility of the General Contractor to meet Industry and Parkland County building permit requirements
Community Association Requirements	See attached Minutes of Blueberry Community League June 9, 2016
Implementation Responsibilities	The President and Vice-President of the Blueberry Community League will be responsible for the contractual arrangements with the Contractors for each of these replacement projects. The Contractors shall be responsible for all aspects of the construction/replacement, as agreed to.
Proposed Schedule	<p>The proposed schedule is partially dependent upon notification of successful grant applications.</p> <p>The replacement of the furnaces and hot water tank can be done as soon as funding is available. The septic and roof replacements are anticipated for Spring/Summer 2017, with suitable weather.</p>
Operations	Operationally, it is anticipated that the more energy efficient furnaces and hot water heater will be more cost effective than the current inefficient systems

	The Community League recognizes the importance of having a Facility Life Cycle Plan and ensuring that funding is in place to address needs proactively.

Alpha Community #6

June 9th, 2016 Blueberry Community League

Board Meeting Minutes

In attendance:

Linda Raw, Sherry Colney, Jody Kyfuik, Janet Zapolinsky, Rebecca Cotton, Sarah Tasdemir, Ellie Vletter, Ashley Skopyk, Joshua Tynes, Dawn Dixon, Christine Hrasko

Missing: Dannielle Street, Ian

1840: meeting called to order by Jody Kyfuik

Approval for agenda motion by Josh Tynes seconded by Rebecca Cotton

Approval of May minutes motioned by Jody Kyfuik, seconded by Josh Tynes

Old Business:

- Discussion re: signs going up in kitchen regarding water use, Janet has 3 cameras donated for the hall for video monitoring. Motioned to be approved for use by Janet Zapolinsky, unanimously approved. Discussion re: need to update contract to notify renters of video monitoring.
- Damage deposit for flood damage followed up with Parkland, per Cindy, will not be addressed until September.
- Casino application: Requires stamped copy of bylaws, list of entire executive including address, names, addresses postal codes, positions, also needs updated membership list, application will include bingo, pull tickets.
- Dropbox: Ensure everyone has invite please (Dannielle)
- Josh will put updated bylaws on drop box, fix typo in minutes noted by Ellie
- Grass cutting: Terry is doing it for the season, cutting weekly, trimming bi-weekly, tender to be discussed re: combined maintenance when we discuss VP report.
- Skip student, Josh to put in application ASAP, will be utilized to compile policy and procedures for September to vote, for AGM in October.
- State of Bylaws: Bylaws have been sent in, awaiting approval by corporate registries.
- Septic: Low flow toilets, Ashley's husband will quote for toilets and toilets/labor separately when we supply her with list of toilets required. Josh to look and report back after meeting today.
- Maintenance tender: Josh summarized tender to be posted, same supported by board with minor adjustments

Blueberry Community League

Needs Assessment – Major Sustainability Grant Application

1. Roof – The age of the current metal roof is unknown to the current Board. The Board has been advised by Lakeside Roofing that the current roofing material was an inferior product, more suited to a small shed than a large facility. It cannot withstand the expanding and contracting in Alberta climate. This would explain why the roof is buckling through the winter and has now lifted and exposed the hail to leaking. We have obtained a temporary short term repair for now. Receipts most likely submitted under minor sustainability grant applications recently for verification.
2. Furnaces and Hot water tank – the current furnaces and hot water tank are past the ends of their life at 25+ years. They are inefficient, and have become unreliable and costly to maintain and repair.
3. Septic – Over the past few years the hall has faced many challenges with the septic system at the hall. There have been many instances of sewer back up, and the tanks are aging and undersized for the hall. They are currently very costly to maintain as we are having them pumped weekly at a cost of approximately \$200 per week.

[Handwritten signature]

Tanya H. Dill

- 
- Canada 150 grant: Anniversary Grant- Federal Government. Numerous criteria for grant funding including increasing energy efficiency (septic, furnace, roof, etc). Linda confirmed we have not ever used the Major Sustainability grant from Parkland County. We should look into this also.
 - Discussion re: Deadline for federal grant application June 20th, Sherry motions she will volunteer to contact Cindy Davies at the County and complete applications and try to meet deadline, unanimously approved.
 - Fee Structure/Hall finances: Sherry
 - Capital improvements are necessary, we do not have adequate funds
 - Hall cannot rely on the county for bailout under emergency situations, we need to start saving for capital improvements in advance
 - Where is money coming from/not coming from?
 - Summary:
 - The hall needs \$122 per day to stay open
 - Soccer/ball: cost money even though they bring in memberships (per current data, Linda and Christine to ensure Sherry has up to date financials/records to ensure accurate assessment of same) however these families work bingos
 - No person/organization should be using the hall for free
 - Revenue streams
 - Bingo
 - Rentals
 - Scouts
 - Bingos/volunteer hours agreed upon, obligations not fulfilled
 - Fee will have to be discussed, willing to discuss a portion of fee as "payment in kind"
 - Hall cannot sustain scouts for free and there is no rational for it other than "it's always been this way"
 - Extensive conversation regarding this topic. Agreement re: data gathering, Scouts to be contributing in September, remuneration to be discussed and finalized
 - Roofing quotes obtained, in dropbox
 - Discussion re: grants (septic/roof/furnaces) Rebecca and Sherry will take on grant proposals moving forward (Stephanie from Carvel hall has been very successful in this regard, Linda to forward contact info for Stephanie to Sherry and Rebecca)
 - Fire pit relocation: Josh
 - Neighbor to north east expressed concern
 - fire chief consulted
 - no need to move fire pit

- Discussion regarding small details, holes in walls to be repaired, Josh will follow up with Janet by Monday, June 13 regarding same.

New business:

- Vandalism: Break-ins to hall
 - Tuesday night before last meeting was first known break in
 - Tuesday May 17th, another
 - The following Wednesday, May 25th, RCMP involvement, drinking on property and causing a ruckus Constable Riggs followed up, video surveillance obtained from beach corner, hoping to press charges. Josh will follow up and update board once resolved.
- Vandalism expenses: locks, pad locks, fire extinguishers, volunteer hours. No total of expenses to date, Sherry will provide summary at next meeting once all relevant invoices are submitted.
- Keys: Ben, Jody, Josh, Playschool, Lock box (6 keys in total)
 - Josh will print key for scouts, scouts will have a box
 - Social/fundraising: key to social room
 - Janet to give access to hall via lock box to limit in and out of hall
- Parkland Meeting-Linda:
 - Representatives from numerous halls have had issue with bad renters, issues similar to our hall. Suggestions and discussion at meeting regarding these issues including:
 - Parkland County Community Leagues FB page
 - Ask for references
 - Edmonton address and renting here? Ask why.
 - Share on same FB page for reputable contractors
 - Discussion again re: SKIP students, start with one and utilize more going forward depending on how this goes. Josh commits to applying ASAP for skip student.
 - Additional resources include:
 - Free library card
 - Library looking for halls to run programs
 - Library has license for movies, could decrease cost of social events such as outdoor movies etc.
 - Discussion re: increasing community engagement/volunteerism in hall/community, also fundraising ideas. Some ideas introduced:
 - Bring a book take a book
 - One hall successfully put on a murder mystery
 - Jamborees
 - Try to incorporate this in to increase volunteerism, community involvement

- Bingo director position needs to be filled:
 - 12 bingos a year
 - Need to find workers for each
 - Go to bingo AGM
 - Go to each meeting, once per year,
 - Dates are out already,
 - AGLC forms require training etc.
 - Extensive discussion
 - Ideal would be to have 2 bingo directors.
 - Dannielle: please post to social media that we're looking for Bingo Coordinator
- Voting- Jody:
 - Is everyone ok with voting through email over the summer? Unanimous consent, FB page for board members only to be established

Committee Reports:

Treasurer: Accounts update

Soccer: \$ 7,625

Bingo: \$ 11,465

PayPal account: \$ 2,166

General: \$ 13,575

Paypal (virtual): \$ 3450

Deposit account: \$15,429

Rentals:

- Sign in/sign out sheet to be established at main doors
- Protocols for entering the hall discussed.
 - Will have sign in sheet
 - Extensive discussion.
- Caterers might like to work with us for a 10% kick back into the hall. General agreement, won't change anything until board discusses, renters will still be able to use caterer of their choice.
- Extra fees for kitchen/bar use? Janet will look into this and will revisit.
- Relock the garbage can
- Janet will present to board regarding efficiency of new implementations at September meeting and will discuss further at that time.

Social and Fundraising:

- Movie night late in August, will have quote on Tuesday from Josh
- Homemade vendors on movie night

- Discussion re: licensed event? Board agrees yes.
- Nerf night- Ellie and Ashley will look in to this
- Shake- planning underway
- Sponsors who want to save the hall night?
 - Extensive discussion Janet, Ellie, Ashley to get together and discuss
- Wiring 220 outlet for events.
 - Josh to look into cost/labour
 - Can apply for funds through minor sustainability grant.

Memberships:

- Playschool not collecting memberships
 - This is an expectation per bylaws
 - Playschool not attending board meetings, Jody to follow up
- Volunteer list provided to Ellie and Ashley

Communications: No report

Soccer:

- Parkland Fun Ball coming up
- Year end party, keeping costs low
- Rework some logistics/data entry items in the fall, Christine to keep board up to date

Ball:

- Winding up
- Pot Luck for year end party
- Will ensure updated financials to Sherry

Scouts: No report

VP:

- Josh will follow up re: septic alarm. Needed ASAP, especially for busy season

President: No report

Meeting adjourned at **2124**
