Dear Rich's Point Resident,

**RE: RESIDENT REQUEST TO DEVELOP TRAIL ON MUNICIPAL RESERVE**

Parkland County has received a request from Mr. Ron Hageman, who resides at 22-53025 RGE RD 43, to develop a 2 meter wide walking path through park reserve land located at 2883 KS/1/7 P (see enclosed map). Mr. Hageman is willing to conduct this work at his own expense, and the walking path will be accessible to all. Currently this type of request is addressed under Policy RP001 Municipal Reserves – Recreational Uses, and requires approval from Council.

As a subdivision resident in which this reserve land is allocated to, I am writing to you for two reasons:

1. To inform you of the request (Mr. Hageman has already been in contact with some residents)
2. To provide you the opportunity to share your opinion, for or against this request

Should you wish to provide your input into this request, either for or against, I would appreciate hearing back from you no later than July 22, 2016 via email [lricher@parklandcounty.com](mailto:lricher@parklandcounty.com) or by phone (780) 968-8327.

Any feedback received prior to the deadline will be utilized as part of package that will be presented to Council for their consideration and decision. We appreciate you taking the time to share your thoughts as it will help inform Council around the community's views with regards to Mr. Hageman's request.

Yours truly,

Lenny Richer  
Supervisor – Parks, Recreation & Culture Services

cc. Dave Cross, Manager – Community and Protective Services  
Geoff Heritage, Supervisor – Enforcement Services  
Jeff McAdam – Parks and Cemeteries Foreman
