

January 10, 2018

At the request of the Museum, Town Manager meets with Museum Executive Director and Planning Committee Chair. Town Manager indicates that Town Administration believes the Museum's land usage needs to be established prior to area lot lines being redrawn. Further Town Manager indicates:

1. Town Council will retreat January 26-29, 2018 and the Museum land issue will be on their agenda.
2. If a meeting is required with Museum representatives prior to the retreat the Town Manager will call one.
3. Town Manager believes it may prove beneficial for both the Museum and Town to start fresh in dealing with the Museum's land usage.
4. Town Manager will attempt to have an agreement in principle between the Town and the Museum, by March 27, 2018 (date of Museum's Annual General Meeting).
5. Town Manager will arrange for meetings after the Town Council retreat to lead toward resolution of the Museum's land usage.
