Code of Conduct Regulation Discussion Guide Response

Proposed Motion

Administration be directed to submit the Code of Conduct Discussion Guide responses to Alberta Municipal Affairs as presented.

Administration Recommendation

Administration supports the proposed motion.

Purpose

For the Committee to endorse the Discussion Guide responses before they are submitted to Alberta Municipal Affairs.

Summary

In creating the new Code of Conduct Regulation under the Municipal Government Act (MGA), the province has provided a sample regulation for discussion purposes. The sample regulation is based on a balanced approach that sets a minimum standard and allows individual municipalities substantial discretion in determining how the MGA requirements can be satisfied.

Alberta Municipal Affairs requires that all municipality responses be submitted to them on or before September 15, 2016.

Administration has reviewed the Discussion Paper and has prepared our response for each proposed provision of the regulation. Administration is requesting that the Committee review each response and either endorse the response as presented or revise the response as necessary.

Strategic Plan/Policy/Legal/Staff Implications

Administration will actively monitor the creation of this regulation as Council's code of conduct will need to comply with the requirements of the regulation.
