Entwistle Community Recreation Centre Update

Proposed Motion

That the Entwistle Community Recreation Centre update presentation be received for information, as presented.

Summary

The Entwistle Community Recreation Centre has been open to public services for almost a year. In October of 2020, the library opened and Parkland County Services began being offered out of this location in November. This past summer we successfully completed the first season of the Outdoor Pool. COVID-19 has created many challenges over the first operating year with services and programs being adjusted based on the ever changing restrictions. Despite these challenges, we have experienced a large number of residents and visitors accessing the various programs and services offered at the facility.
