### **Summary**

The 1998 Acheson Industrial Area Long Range Water Plan recommended replacing the existing water line service charge with a special levy which would be applied against all lots capable of benefitting from the general water supply and for the water supply for fire protection purposes. The water line service charge was eliminated in the 1999 fiscal year and replaced with a special levy which can only be collected through a bylaw passed on an annual basis. The rates for 2017 will be \$0.3641 for each \$1,000 of assessed value to a maximum assessed value of \$5,000,000.
