Duffield Lagoon Wastewater Evaporator Report

Purpose

To update the Committee of the Whole on the Duffield Wastewater Lagoon Mechanical Evaporator System.

Summary

The Duffield Wastewater Lagoon has been in operation since 1998.

The mechanical evaporator system was installed and put into operation in 2017.

The mechanical evaporator system has been successful in controlling the lagoon water level in a cost effective and environmentally sustainable manner.

Strategic Plan/Policy/Legal/Staff Implications:

Complete Communities - Guiding Principle 1.2: We are a region of connected communities, through infrastructure, transit, recreation facilities, trails, and technology

Responsible Leadership - Guiding Principle 4.1: We are recognized leaders in municipal governance, managing our resources responsibly and sustainably, ensuring we leave a vibrant and resilient community legacy to those that follow us
