### **Purpose**

Three planning applications have been submitted by EDS Group Inc, on behalf of Parkland Estates Development Corp, D&F Blounas Holdings Ltd and Brenmar Holdings for lands located within the north east portion of Acheson Zone 2.

Proposed Bylaw 2018-31 are text and map amendments to the Acheson Industrial Area Structure Plan Bylaw 2014-29. The proposed amendments remove approximately 86 hectares of land currently identified as 'constrained' and 'delayed' development to 'ready for immediate' development. The amendments also include text changes to reflect the Memorandum of Understanding executed by Parkland County and the City of Edmonton regarding upgrades to 231 Street.

Proposed Bylaw 2018-32 is an amendment to Map 9A of the Land Use Bylaw 2014-29 to Redistrict certain lands within Section 11-53-26-W4M from the IRD-Industrial Reserve District to the BI-Business Industrial District and MI-Medium Industrial District.

The proposed ASP and LUB amendments are supported by a proposed new Conceptual Scheme for Section 11-53-26-W4M that provides policy framework for the development and ultimate buildout of the Conceptual Scheme Area. This Conceptual Scheme will be brought forward at the time of public hearing for a Resolution of Acceptance by Council.

### **Summary**

Bylaw 2018-31 Amendments to the Acheson Industrial Area Structure Plan Bylaw 2014-29.

The proposed text and map amendments provides direction within the Area Structure Plan to allow for the development of the Section 11 lands to proceed subject to the policies outlined in the Conceptual Scheme and Area Structure Plan in the short-term. The Bylaw will require referral and approval by the Edmonton Metropolitan Region Board prior to 3rd Reading.
